$\qquad$

# Five Hundred Wheel Brisade! 

## Due Date

$\qquad$

Your job is to plan a parade of vehicles that has exactly 500 wheels.
Guidelines:
$>$ Your parade must include at least 5 different types of vehicles (cars, trucks, bikes, motorcycles, etc... Be creative and try to think of unique vehicles, too!)
> Your parade must have exactly 500 wheels, no more, no less.
$>$ Be specific when describing the vehicles. (Instead of just saying truck, say pickup truck or eighteen wheeler).

This is how you will be graded:

|  | Points <br> Earned | Points <br> Possible |
| :--- | :--- | :--- |
| Parade includes at least 5 <br> different vehicles |  | 5 |
| Parade has exactly 500 <br> wheels |  | 5 |
| Math calculations are <br> correct. |  | 5 |
| Specific names/types of <br> vehicles are used. |  | 5 |
| Inventory is complete and <br> correct. |  | 5 |
| Total |  | 25 |
